Thank you Kelly, that sounds good. Does ERG contact us once they get the TD, or do we contact them first?

Thanks,
Melissa

I see that the PR went through. If you are ok with the TD as I sent you, I will issue it later today under the contract that ends 6/30. This will get them started and you can start talking to them. I will then reissue under the new contract. The work assignment is still stuck with the contracts office so I can't issue anything yet and I'll be out for 2 weeks so I don't want to put anything in hold.

Your funding will officially be put on the contract as soon as the contracts officer makes the next addition to the contract.

Hi Kelly,

I believe the PR should be completed on our end. Please let me know if that isn't the case and I'll see where things got stuck. The PR number is PR-R9-15-00382.

Can you let me know when you think the PR will be funded? Our RA is asking for a schedule update on the overall project. Also, I just wanted to confirm that we can have an initial discussion with ERG as soon as they get the TD and we don't need to wait for the PR to be funded.

Thanks,
Melissa
